

JSC "SOLIGORSK INSTITUTE OF RESOURCES SAVING PROBLEMS WITH PILOT PRODUCTION"

Scientific and Industrial Enterprise of mining machinery JSC "Soligorsk Institute of Resources Saving Problems with Pilot Production" (hereafter referred to as the Company) is ready for cooperation with partners interested in buying mining machines, mineral processing, drilling, excavating, lifting and conveying machines and warehouse equipment. Our company is the largest manufacturer of the goods of this type in the Republic of Belarus and has been in business for 25 years (see company profile in Supplement 1).

The goods catalogue is available in our price lists (Supplements 2-14) as well as on our website http://sipr.by/firm_eng/main.html. The company produces also various types of non-standard equipment, including large-size equipment. The goods are manufactured under Customs commodity codes: 8429200099, 8428320000, 8474809080, 8428330000, 8428399009, 8474200000, 8431390000, 8430410009, 8430390000, 8426300009, 8425310000, etc.

High standards of manufacturing process management in the Company are certified by Quality management system certificate ISO 9001 and Safety management system certificate ONSAS 18001.

Goods can be shipped by road or by rail.

The Company offers flexible business terms and conditions and individual approach to each customer. A system of discounts depending on volumes of purchased goods, terms and conditions of payment is available. We provide logistics services for delivery of the goods.

At a customer's option, a shipment is possible under EXW, FCA, DAP or other delivery terms according to Incoterms 2010. Delivery time is established by agreement between parties.
