

### KRAFTTRANS International Freight Forwarding Company

KRAFTTRANS Ltd. offers a full range of freight forwarding services to companies engaged in economic activity with the Italian Republic.

The Company was founded in the city of Minsk, Republic of Belarus, on October 3, 1995. Today it is among 5 best freight forwarding companies of the country (according to the Belarusian Association of International Forwarders (BAIF)). At this time the corporate network is represented by 15 offices in 5 countries of the world. Cargo transportation geography covers over 100 countries. For more than 10 years KRAFTTRANS provides its customers with a full range of cargo customs declaration and clearance services.

KRAFTTRANS Ltd. renders services of international cargo transportations by road and rail, sea and air transport and also implements multimodal delivery schemes. The company has a forwarder's liability insurance policy for 1,000,000 euro for additional protection from circumstances beyond control of the company. Quality of cargo transportation services is confirmed by key certificates and diplomas, such as FIATA, ISO, Association of international Road Carriers (AIRC), BAIF. The company develops new solutions in the field of cargo delivery and offers optimal transportation schemes to the customers.

KRAFTTRANS Ltd. runs a socially responsible business, supports evolution of the industry by providing training and speaking at industry fora as experts. KRAFTTRANS is a strong, reliable and efficient team.

At this time the company has a number of opportunities that KRAFTTRANS would like to present to you. We are sure that these opportunities may be relevant for development of your business with Italian companies. We inform about them because many of partner customers, such as Pirelli, Siemens, Fujifilm, Mechel provided positive feedback and expressed readiness to make use of our logistical services. For more than 10 years the Italy department has built up relationship with customers and it is familiar with the specifics of work in the market of the Italian Republic, all specialists are fluent in Italian and English.

**Main types of cargoes delivered from the Italian Republic:** industrial equipment, agricultural machinery, special machinery, medical devices, equipment for wood- and metal-working, car components, foodstuffs, and hazardous cargoes.
